

## Croatia

[Biznet \[www.biznet.hr\]](http://www.biznet.hr)

Maintained by the Croatian Chamber of Commerce Biznet, this site provides information and statistics on the Croatian economy, and access to the Register of Business Entities. The Biznet home page is in Croatian and the link to the Register is under [Registar poslovnih subjekata](#) [<http://www1.biznet.hr/HgkWeb/do/extlogon>]. You can view data for a single company or a selected set of companies grouped according to certain criteria for example industry, company size. Available information includes identification number, short and long name, county, municipality, address, phone, fax, E-mail, company size, main activity, legal form, number of employees, membership of professional associations. The Register is available in both Croatian and English and is free of charge. Laws enacted since EU admission require publicly-available financial statements, but these may have to be obtained locally. Although major companies have publicly available information available for a nominal fee here: [<http://www.crmz.com/Directory/CountryHR.htm>].

“Biznet” also interestingly has a waste exchange for companies seeking to find waste materials that can be utilized in their business.
