

POLAND

All registered companies in Poland must file annual financial reports that are publicly available in the court registry in each jurisdiction. The [Polish National Court Trade Registry](#) offers a free service enabling you to search for companies by KRS number (official company register number) or by name. The main site and the information it provides is in Polish. There is an English language version but it does not have all of the options that are available on the Polish pages. The [search engine](#) allows inquiries by company name. Actual financial reports are available by physically visiting the local court office. The search engines enables anyone to find the company and its KRS number and to verify where the documents will be located.

Financial documents may be obtained for a small fee by a commercial service: <http://www.ekrs.pl/>

To report dead links in the above, provide feedback, or to notify CHWMEG that updates to this information is necessary, click the link below to send an email to Randy Mott (type a brief note with your feedback before sending your email):
